

# STILL I EAT MEAT.

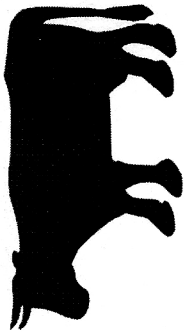

MICHELLE M. DOH  
ANDREW YANG - ECOLOGY OF FOOD  
FALL 2009

**THE HUMANE SLAUGHTER ACT**  
(or the Humane Methods of Livestock  
Slaughter Act) IS A U.S. FEDERAL  
LAW DESIGNED TO PROTECT FOOD  
ANIMALS DURING THE MOMENT  
OF THEIR SLAUGHTER.

*"Mommy wants you to know where your food comes from."*

*Lea Wilson*

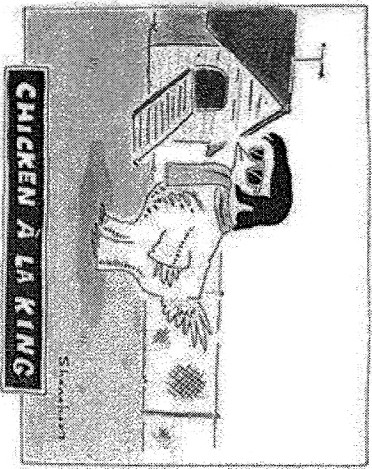

IF ANYTHING, THE HUMANE  
SLAUGHTER ACT MUST BE REVISED  
BUT UNTIL THEN, I WILL CONTINUE  
TO BE A CARNIVORE.

EVEN ON THEIR WAY TO THE  
SLAUGHTER HOUSE.

ON HOW THEY ARE TREATED DURING  
THEIR LIVES...  
THE HUMANE SLAUGHTER ACT  
IS FLAWED... IT'S ONLY DESIGNED TO  
FOCUS ON THE LAST FEW MINUTES OF  
THE ANIMALS' LIFE & HAS NO EFFECT

90% OF ANIMALS KILLED FOR FOOD  
IN THE U.S. ARE CHICKENS.

"PROBABLY THE MOST ABUSED  
ANIMAL IN THE WORLD" - PETA

CHICKENS GET THEIR BEAKS SEARED  
OFF WITH A HOT BLADE AND ARE  
CRAMMED INTO TINY CAGES.

CATTLE ARE CASTRATED, HAVE THEIR  
HORNS CHOPPED OFF, AND ARE  
REPEATED BRANDED.

DAIRY COWS ARE IMPREGNATED IN  
ORDER FOR THEM TO KEEP PRODUCING  
MILK.

MALE COWS ARE SOLD TO VEAL  
FARMERS AND CHAINED INTO TINY  
CRATES.

FROM BIRTH, FARMERS MUTILATE  
THE EARS OF PIGS, CUT THEIR TAILS  
OFF AND CHOP THE ENDS OF THEIR  
TEETH.
